## Pet Food Ingredients

### Meat & Poultry

Henningesen dehydrated meat & poultry ingredients provide big flavor for pet foods.

**Chunk Chicken K-2-AR:** Maintains piece identity.

**Diced Chicken, Beef & Turkey:** Fibrous and shredded appearance -- provides texture.

**Liver:** Chunk or powdered for a flavor pets love.

**C-100-B-AR:** Powdered chicken with natural flavoring.

**Chicken & Beef Broths:** Strong flavor and high in protein.

**Rendered Beef and Chicken Fat:** Provides a good mouth feel and natural flavor.

All Henningesen dehydrated meats are food grade with no by-products. They supply the flavor, texture and appearance you want for your pet food formulation.

## Eggs

**Our dehydrated eggs are a great source of protein and flavor.**

**W-1 and W-1-FF whole egg powders:** Add protein and flavor to pet foods.

**Y-1 and Y-1-FF yolk powders:**  
Great for a healthy, shiny coat.

**P-110 standard egg white powder:**  
High in protein and useful for binding ingredients.

**We also offer specialty powders and liquid eggs.**

All Henningesen eggs are food grade. They provide protein, binding and flavor to your pet food formulation.

***Henningesen Foods has been providing quality ingredients for over a century.***
